Dear Panther Family:

I want to take this opportunity to thank this community for the on-going support for our teachers and staff as they made a stand in support of our students and future students in the State of Oklahoma. The Oklahoma legislature and our governor took a giant step forward in making Oklahoma's teacher pay competitive with those in our region. Our teachers are grateful for that step forward in educational funding. However, the millions of dollars that have been lost in operational money is the reason Stigler Public Schools teachers took to the streets and to the state capitol this week. They are simply asking to fund textbooks, technology needs, other instructional materials, and provide additional dollars to add more elective courses in an effort to broaden the scope of each child's education. Again this walk-out was all about better education for our kids!

Return to School:

Stigler Schools will resume classes on April 16, 2018. Stigler is an hours of instruction school. We are not accredited on a number of days. We had enough hours banked on our current schedule to account for 4 of the 5 days missed due to the walk-out. We will return to school Monday with an extended day to make up for the 6.5 hours needed to complete our academic calendar. All sites will begin 5 minutes early and we will extend the school day 10 minutes at the end of the day. School bus routes will continue as usual in the morning and return 10 minutes later in the afternoon. Adjustments may need to be made after our return and will be handled on an individual bus route basis. The current school calendar will not change and all scheduled activities will continue as planned. Again, thank you for the continued support of Stigler Schools taking a stand for our students.

Sincerely,

Monty Guthrie
